DETAILED ACTION

1. Applicant has amended claims 1, 4, 5, 16, 22, 25, 27, 30, 31, 33, and canceled claims 2-3, 6-8, 10-15, 17-21, 23-24, 29 and 32 in the amendment filed on 7/23/2007.

Claims 1, 4-5, 9, 16, 22, 25-28, 30-31, and 33 are pending in this Office Action.

Election/Restrictions

2. Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1, 4-5, 9, 16, 22, 25-28, 30, are drawn to executing functions for returning data, which is classified in class 707, subclass 3.
- II. Claims 31 and 33 are drawn to generating output buffers according query duration types and type-checking a function using the query duration types for returning data structure, which is classified in class 707, subclass 102.

3. Inventions I, II, are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, executing functions for returning data in invention I is used in storing result data in a format that reflects organization and data type information. Generating output buffers according query duration types and type-checking a function using the query duration types for returning data structure in invention II is used to sending data in the data structure to output buffers according to the query duration types. See MPEP § 806.05(d).

Art Unit: 2162

4. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

5. Applicants are advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

6. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
